

Creating Sustainable Assessment Validation

Overview of the topic:

Validation is an important responsibility for RTOs. However, it represents some of the highest non-compliances at audit. Engaging with industry stakeholders in the validation process is critical to ensuring training and assessment is aligned to current methods, technology, products and performance expectations for the workplace tasks specified in the relevant training package or VET accredited course. This webinar will provide specific examples and advice for creating a winning industry-focused validation strategy aimed at better developing sustainable systems and outcomes.

Learning Outcomes:

- Define "validation".
- Identify assessment validation responsibilities for an RTO environment.
- Ascertain how to overcome common non-compliances with validation activities.
- Identify the steps in creating an industry-focused approach to validation.
- Review templates to support the application of validation.

Who should attend?

- Teachers, Trainers and Assessors
- Head of Departments
- Instructional Designers
- VET Consultants

All webinar registrants will receive a copy of the slides, a link to the webinar recording, an electronic statement of attendance and soft copies of any relevant additional resources.
