Creating Best Practice Assessment Tools

Overview of the topic:

The quality of assessment tools affect the ability of any learning and development organisation to collect quality evidence of candidates' performance and thus meet the needs of the organisation, the requirements of the relevant training package and the expectations of industry. This webinar seeks to help assessment developers to create robust assessment tools that support the collection of quality evidence and confirm that an individual can perform to the standards expected in the workplace or expressed in a relevant training product.

Learning Outcomes:

By the end of this workshop, participants will have the knowledge and skills to:

- Understand how best to read a unit of competency, with RPL in mind
- Identify the features of an effective RPL tool
- Develop audit-friendly and user-friendly RPL processes

Who should attend?

- Teachers, Trainers and Assessors
- Head of Departments
- Instructional Designers
- VET Consultants

All webinar registrants will receive a copy of the slides, a link to the webinar recording, an electronic statement of attendance and soft copies of any relevant additional resources.
