

TAESS00023

Online Learning and Assessment Skill Set

Course Overview

The Online Learning and Assessment Skill Set (TAESS00023) provides the necessary skills and knowledge required to plan, organise and facilitate online learning and assess competence across various electronic applications and communication channels. It involves gathering evidence using both synchronous and asynchronous assessment methods, and making judgements on the outcomes of the online assessment using a range of devices and digital tools.

Key Outcomes

- Plan and organise online learning
- Facilitate online learning
- Support online learners
- Prepare to assess in an online environment
- Administer online assessment
- Make assessment decisions from evidence submitted online

Career Opportunities

- Online Trainer/Assessor
- E-Learning Instructor
- Virtual Learning Consultant
- Digital Learning Developer

Mode of Delivery

- Face to face in one of our national training and assessment centres or as part of a customised on-site corporate program.
- Online using the aNewSpring learning management system and supported by our dedicated MRWED Learner Success Team.
- Recognition of Prior Learning for experienced trainers and assessors who have evidence to support their current competence in the relevant units of competency which comprise the qualification.

Course Structure

There are two (2) units of competency in the Online Learning and Assessment Skill Set:

- TAEDEL405 Plan, organise and facilitate online learning
- TAEASS404 Assess competence in an online environment

These units provide credit towards the **TAE40122 Certificate IV in Training and Assessment**

Assessment

The assessment in this qualification involves a variety of workbook activities, practical tasks, presentations, reflective tasks and project work. Participants are supported with regular mentoring and tutorial options throughout their journey.
